

*Improve the Quality of Psychiatric Research & Treatment in Europe*

## 18<sup>th</sup> EUROPEAN CONGRESS OF PSYCHIATRY

FEBRUARY 27 – MARCH 2, 2010 | MUNICH, GERMANY

### PRESS RELEASE

### JOIN THE LEADING NETWORK OF PSYCHIATRISTS AT EPA MUNICH 2010

The European Psychiatric Association (EPA) is proud to announce its **18<sup>th</sup> European Congress of Psychiatry (February 27 - March 2, 2010)**, one of Europe's fastest growing and most esteemed congresses for psychiatrists from all specialties. As articulated by its motto, **EPA 2010** aims to "**Improve the quality of psychiatric research and treatment in Europe.**"

Professor Hans-Jürgen Möller, EPA President, invites you to join and participate in a high-quality, multidisciplinary scientific programme that will provide a full review of the most important aspects of diagnosis and treatment in psychiatry and of the latest achievements in this field.

Munich, Germany, being the birthplace of some of the most remarkable researchers and psychiatrists such as Emil Kraepelin and Alois Alzheimer and still embracing a very active psychiatric research scene, will host the Congress. Plenty of prominent museums, stately castles, scenic lakes, enchanted villages and majestic mountains invite you to visit them during your free hours.

EPA 2010 provides a comprehensive scientific programme that guarantees attendees to remain at the forefront of their profession. Among the axes of this programme, the most prominent are:

- ✳ **State-of-the-Art Lectures** on current clinical treatments in European psychiatry presented by premier international experts
- ✳ **13** advanced and fully-accredited **Continuing Medical Education Courses (CME)** proposed by the EPA Academia for Excellence in European Psychiatry
- ✳ **Plenary Lectures** on the major scientific topics of the congress giving the chance for exchanges with leading psychiatrists, scientists, researchers and other mental health professionals
- ✳ **Pro & Con Debates** offering fruitful discussions on controversial issues and "hot topics".
- ✳ **Workshops** with experts in specific fields offering the chance to actively participate in enriching discussions
- ✳ An exclusive three-day **Young Psychiatrists Programme**, including **Symposia, Workshops, Meet the Experts** sessions and a **Scholarship Programme**
- ✳ **Satellite Symposia** providing the latest information by leading pharmaceutical companies
